

**IN THE SPECIFICATION (37 CFR 1.121 Revised)**

Please replace the current Abstract with the following new Abstract:

**ABSTRACT**

This invention is directed to compounds of formula I,

Formula I

as defined herein, pharmaceutical compositions containing them, and methods of using them to treat a disorder or condition, the treatment of which can be effectuated or facilitated by antagonizing a CFR receptor. Examples of such disorders or conditions include but are not limited to anxiety disorders.
